Youth Day needs businesses to donate goods and services to be raffled off at the event. Remember: We have PayPal on the Youth Day Website! If you would like to make a donation electronically, please visit the Youth Day Website at www.youthday.info. We are also in need of volunteers to help at Youth Day, as well as sponsors for events, activities and inflatables. We could use your help! High school students can use this as community service hours and they also can count as community service hours for the National Honors Society. Thanks for caring!

Every year we give out approximately 5,000 cookies and last year for the first time we ran out before the end. FROM THE MAYOR'S DESK.....

Dear Citizens:

As I mentioned in the Spring, we are looking forward to many positive things for Indiana Township in 2013. I can tell you that we are off to a great start. Some projects are clearly visible and others will not be noticed for some time. However, we can assure you that your tax dollars are hard at work. And certainly not being wasted.

I am pleased to officially inform you that our municipality now qualifies as a Banner Community. Our community has distinguished itself as a municipality which has implemented Benchmark Good Governing Practices as a leader in delivering services and strengthening the quality of life for our residents. A formal announcement was made in March 2013 via a Press Release in many local newspapers. In addition, all Banner Communities were recognized at the Allegheny League of Municipalities Spring Conference in April 2013. Again, I want to say "Congratulations on a job well done" to our team. We will keep up the good work.

The State Route 910 project is going very well. This section of 910 was closed as of February 11, 2013 to allow for the reconstruction of Pennsylvania Turnpike Bridge WB-433. This structure is located just West of the Tank Farm in Indianola, PA. A posted detour for cars and trucks is in effect for the duration of the project. Again, we anticipate the road re-opening on October 4, 2013.

I'll take a brief minute to provide an update on the upcoming Cove Run Road project as well. We are now completing the bid process for major improvements on Cove Run and hope to begin construction in the Summer. It has been a rather long process, but we are almost there. Please be patient with us during these projects and do contact us with any feedback. As always, we are sincerely interested in hearing your thoughts.

Periodically, we have taken your calls regarding 2013 Appeals of Property Assessment. Don't get frustrated. We realize this process can be both cumbersome and confusing. We are here to help. Or feel free to call the county directly: Office of Property Assessments at 412-350-4600.

In conclusion, know that our Township, as always, is both safe and financially sound. We are all looking forward to seeing you at Youth Day on Saturday June 1, 2013. There will be fireworks at the completion of this great event. Please send any donations to our staff at the Town Hall. As always, if you should have any questions, comments or suggestions, please contact our Manager, other Board Members or myself at anytime with questions. Thank you.

Sincerely,
Mayor Darrin J. Krally

INDIANOLA REUNION - SUMMER OF 2014

(Open for all past and present residents of Indianola and their families!)

Hello! My name is Toni Blyth (originally Boncella) and along with other past residents of Indianola, are thinking of arranging a Reunion Weekend next Summer for all of those now or formerly from Indianola to get acquainted again, reminisce, etc.!!!

As of now, we need to get an approximate head count for everyone who is interested in attending. Our plans are to attend a Pirate Baseball Game, a huge picnic at Emmerling Community Park and then spend a day at Kennywood. Deposits will need to be made for some of these events by the Fall of 2013.

Reunion pricing will be based on a "per person - per event" cost. So far, we are planning on having specially made souvenir t-shirts, a Pirates Baseball game ticket, a Kennywood ticket, and the Picnic at Emmerling Community Park. Decisions still need to be made regarding food for the picnic, such as whether it should be pot luck or catered, as well as drinks.

At this point, a cost per person cannot be determined until an approximate headcount has been received. Also, please note you do not have to attend all events.

I am making the RSVP cut off for **MAY, 31, 2013** so that we can spend the Summer coordinating payments. We also need to confirm a date as well. I am thinking either mid to late June or after the 4th of July weekend. I would like to try and plan Kennywood for a Monday because the park will not be as crowded.

Please contact me, Toni (Boncella) Blyth, at: indianolareunion@yahoo.com or via phone at 704-813-4542 if you are interested in attending any and/or all of the events, approximately how many people would be in your group, what would be a good date for you, if you would like to volunteer, or even share any other ideas you may have. You can also check out information about the Reunion on the Facebook page "People of Indianola" (*under Events*).

WE ARE LOOKING FORWARD TO GETTING TOGETHER ONCE AGAIN!!

PENNSYLVANIA'S DOG LAWS

All dogs, aged three months or older, **MUST** be licensed by January 1st of each year. Licenses are issued by the County Treasurer. Blank forms are available in the Municipal Building lobby during regular business hours, or can be obtained from the County Treasurer's Office (412-350-4111). Residents who fail to purchase a yearly County license(s) for their dog(s) are violating Pennsylvania law. **THE FINE IS \$300 FOR EACH UN-LICENSED DOG!**

All dogs must be kept under control and may not be allowed to run at large. This means that when your dog is not on your property, it must be under the direct control of you or a handler. The best way to control your dog is with a leash. Dogs are personal property and owners are responsible for damages caused by their dog.

It is illegal to mistreat or abuse any animal. Violations should be reported to the local humane organization or police. Furthermore, you may not place any poison or harmful substance in any place where it may easily be found and eaten by dogs, whether it be on your property or elsewhere.

It is also illegal to abandon, or attempt to abandon, any dog. Fines for abandonment range from \$300 to \$1,000, plus court costs.

For details and information regarding all of the Pennsylvania Dog Laws, please pick up a brochure from the Township lobby or Police Department.

CRIME WATCH EMAIL ALERT SYSTEM

The Indiana Township Police Department "Neighborhood Crime Watch" is now using a new tool to help stop crime in the Township. All residents of the Township are welcome to join.

All you need to join is to have a working email address that you check on a regular basis. To participate, you can send an email to: itpdcrimewatch@gmail.com or mmyers@indianatownship.com. Be sure to provide your email address, name and home address so you can be grouped in the correct "Crime Watch" area.

This system is only used to send out Crime Watch Alerts. Officers will not respond to any emails sent to this address. When there are incidents taking place in the Township, residents can now be alerted by email. This system will only be used when there is a need to get information out to the residents.

Should you have further questions regarding the program, please send an email to mmyers@indianatownship.com or call me at (412)767-5333, ext. 350.

ALL TERRAIN VEHICLES AND DIRT BIKES

Due to a large number of complaints received, the Indiana Township Police Department would like to remind the public about the rules and regulations governing the use of ATVs and Dirt Bikes. The Indiana Township Police can, and will, strictly follow the Township's law regarding these off-road vehicles. Under Chapter 470 of the Township's Codified Ordinances, the law states the following:

- ▶ Operation on public streets is strictly prohibited.
- ▶ Riding is prohibited between the hours of 9:00 pm to 8:00 am.
- ▶ No person may operate an off-road vehicle within 100' of any private residence.
- ▶ If riding on private property, riders **MUST** have written permission from the property owners on them at ALL times.
- ▶ Off-road vehicles must have a properly installed and operable muffler.

Furthermore, to crack down on illegal ATV use, the State Department of Conservation and Natural Resources has been mailing thousands of registration plates to licensed ATV owners. Owners of registered ATVs should have received a new plate in January and must affix the plate to the back of their ATVs, in the center and as high off the ground as possible. Failure to do so will result in the issuance of a citation. The plates are required for all ATVs except those used solely for farming and/or business. A limited registration is required for ATVs used only on private property. The Snowmobile/ATV Law, passed in June, enacted the following provisions which are aimed at deterring illegal riders:

- ▶ ATV owners must carry liability insurance (*except if used solely on their own private property*)
- ▶ All ATVs must be titled. The fee for titling is \$22.50. Titles are not required for ATVs purchased prior to February 12, 1987.
- ▶ Registration plates and expiration stickers must be displayed on all ATVs. The proof of registration card must be carried on the ATV, unless it is being used on private property only.
- ▶ Fines have been increased from \$25-\$100 to \$50-\$200 for the first offense, and from \$50-\$200 to \$100-\$300 for the second offense.
- ▶ Weight limits have been increased from 600 to 800 pounds for Class I ATVs and Class II ATVs have no weight limits.

Both Township and State police officers share responsibility for enforcing the ATV law. The Township Police must enforce the law on local roads, and the State police on state roads. These changes in the State's law should help curb illegal riding.

Owners who have not yet registered their ATVs should do so immediately. Registration applications are available by contacting the DCNR's Snowmobile/ATV Section toll-free at 1-866-545-2476.

EMAIL ADDRESS FOR TRAFFIC CONCERNS

You can now report traffic problems by e-mailing your concerns to: traffic@indianatownship.com. The emails will be routed to the officers assigned to traffic safety. Officers will gather the information and attempt to correct the problem by increased enforcement, contacting a specific violator, or contacting other agencies for items such as additional signage. You can still report traffic concerns by phone by calling the police department at 412-767-5333, ext. 315 at any time. If the traffic problem is an emergency or urgent such as a suspected drunk driver or a road rage incident, please call 911 immediately.

DRIVE SAFELY!!!

Every Wednesday, Waste Management vehicles are in the Township collecting residents' weekly garbage and recyclables. We are asking all drivers to exercise caution when you are near their stopped vehicles. Workers exit the trucks numerous times to make collections. Please **slow down** when approaching a stopped vehicle and watch out for the safety of the workers.

Also, there is NO need to put your container out each week if it is only partially full. You may wait until the container is full and then put it out for collection.

Yard waste, including leaves, garden residue, shrubbery, limbs, twigs, brush, tree trimmings and similar material, but not grass clippings, will be collected once each month from March through December. Residents must call in to the Township Office prior to collection to request this service. Further information on collection dates and the call-in phone number are provided in each quarterly Newsletter.

Following is a reminder of items that WILL NOT be picked up during regular trash collection:

- Paving materials, stones, rocks, sand, dirt, broken concrete, automobile parts including tires, lead-acid batteries, sod, paints and stains, flammable liquids, 55 gallon metal drums, metal grease drums, pianos, spas, water softeners that have not been emptied of salt, liquids or other chemicals, hot tubs, large screen televisions, furnaces, garage door openers and concrete wash tubs

GARBAGE MONTHLY YARD WASTE

The Township's "Garbage Contract" enables residents to participate in a monthly yard waste pick up program. Yard waste is limited to: leaves in biodegradable bags, garden residue, shrubbery trimmings, limbs, twigs, brush & tree trimmings and similar material, but **NOT** including grass clippings. All tree trimmings and limbs should be cut in lengths not over 48" and securely bundled. Each bundle shall not weigh in excess of 40 lbs. and individual limbs shall not be more than three inches in diameter.

Be sure to leave yard waste in a place that is **VISIBLE** for Waste Management drivers. Do NOT place yard waste under trees, shrubs, or anywhere else the waste cannot be seen from the road.

Yard waste will be picked up only ONE scheduled garbage day per month during the period of March through December. **The pickups for the next quarter will be on: June 19th, July 17th, August 21st and September 18th.** The Township **MUST** be notified in advance of your willingness to participate, **EACH** time, at **least** a week and a half in advance. If you live on a private road, you must put your yard waste at the main road. Anyone who fails to notify the Township in time to be put on the list will not qualify for that month's pickup. Please call (412)767-5333, then dial "5" for Administration to be placed on the list for the month.

If you have any additional questions, or need to sign up for the Senior Sticker Program, please contact Waste Management directly at 1-800-458-4090. DO NOT call them to be placed on the yard waste program list.

WASTE MANAGEMENT'S BAGSTER®

"Dumpster in a Bag" Program

The Bagster from Waste Management is the economical solution to your projects that generate unwanted debris. ***It is a portable dumpster that can be purchased at the Township Building, during regular business hours, for \$29.95.*** The Bagster bag has the capacity to hold up to 3 cubic yards/3,300 pounds of debris. Acceptable items include concrete (1 cubic yard), construction material, plaster, roofing shingles, carpet, etc. The bag measures 8' long by 4' wide by 2'6" tall. The Bagster is the perfect solution for many types of projects including renovations/remodeling, organizing a garage or attic, landscaping, roofing and concrete. Once notified, Waste Management will collect the Bagster within three business days for a fee of \$124. For additional information, visit www.thebagster.com or Bagster customer care at 877-789-2247.

Please place your Bagster in an area that can easily be picked up by Waste Management when it is full. But the Bagster **CANNOT** be placed right on a public street. It is illegal to block roadways within the Township.

We are hoping that residents find this new program to be very effective in aiding in their clean-up projects, and much cheaper than renting a full-sized dumpster. Let's continue to keep Indiana Township a beautiful place to live!!

RETIRE YOUR FLAGS PROPERLY!

The Township has a flag disposal bin in the Town Hall lobby. Each fall, the flags are given to Allegheny County for proper retirement at the County's Flag Retirement Ceremony in North Park. The ceremony honors all who have, and continue to serve our country. As well, the victims of the September 11, 2001 terror attacks are honored.

Please contribute by donating your flags!!!

DEPARTMENT OF CODE ENFORCEMENT

REGISTRATION:

ALL new residents, tenants and/or businesses **MUST** register with the Township within 30 days. **IN THE CASE OF RENTAL PROPERTIES, IT IS THE LANDLORD'S RESPONSIBILITY TO REGISTER THE TENANT(S)**. Failure to do so could result in the issuance of a citation. Please call the Township office to obtain the proper forms.

CALL BEFORE EXCAVATING:

Always check with the Township prior to grading or digging; a Grading Permit may be required. PA ONE CALL (1-800-242-1776) must also be notified at least 3 days prior so they can check for underground utility lines in the proposed excavation area. This service is **FREE** of charge.

SEPTIC PROBLEMS:

Before attempting to modify or repair a septic system, you must contact:

ALLEGHENY COUNTY HEALTH DEPARTMENT - (412)578-8040 or (412)350-4046

PROPERTY CLEAN-UP:

Please call the Code Enforcement office if you need assistance in hauling building and lawn materials, junk vehicles, auto parts, or any other items not collected by the refuse company. We have names and phone numbers of companies which haul materials for a nominal fee.

TOWNSHIP ROADS AND RIGHTS-OF-WAY:

If you have plantings within the road rights-of-way, please maintain them at least two (2') feet from encroaching the edge of the roadway, i.e. trees, shrubbery, plants, etc. Sporting apparatus and equipment shall NOT be placed within the road system. Furthermore, Township ordinance prohibits temporary storage of any construction/landscaping materials on a public street. Please do not arrange to have lumber, bark chips, gravel, etc. unloaded onto the street.

SIGNS:

Township Ordinance prohibits temporary signs to be posted without the consent of the property owner(s). Signs announcing a short term event, such as garage sales, may be put up but must be removed immediately after the conclusion of the event. The posting of temporary signs detracts from the character of the Township.

TO ELIMINATE MOSQUITOES AT HOME: 'DUMP IT, DRAIN IT, TREAT IT'

Simple Measures Help Prevent Spread of West Nile Virus

Officials from the Department of Environmental Protection remind residents of simple steps they can take to control mosquitoes in their own yards—an important effort in combating the spread of the West Nile virus.

"DEP and the health department are working to keep the mosquito population under control, but residents also can play a big role in controlling mosquito numbers," said DEP Regional Director Kelly Burch. "Look around your property and follow these guidelines: If it has water in it, dump it; if it can be drained, drain it; if there is standing water, treat it. These are easy measures that we all can take in our own back yards to help protect ourselves and our families from West Nile virus." DEP and the health department provided the following tips to eliminate mosquito-breeding sites around the home:

- Identify and eliminate all sources of standing water that collects on your property. Mosquitoes will breed in any puddle that lasts for more than four days.
- Dispose of tin cans, plastic containers, ceramic pots or similar water-holding containers on your property. Do not overlook containers that have become overgrown by aquatic vegetation.
- Pay special attention to discarded tires, they can serve as a breeding ground for mosquitoes.
- Drill holes in the bottom of recycling containers that are left outside.
- Have clogged roof gutters cleaned on an annual basis, particularly if the leaves from surrounding trees have a tendency to clog them.
- Turn over plastic wading pools when not in use. A wading pool becomes a place for mosquitoes to breed if it is not used on a regular basis.
- Turn over wheelbarrows and do not allow water to stagnate in birdbaths.
- Aerate ornamental pools or stock them with fish. Water gardens are fashionable but become major mosquito breeding grounds if they are allowed to stagnate.
- Keep swimming pools clean and chlorinated. A swimming pool that is left untended for a month becomes a source of mosquito breeding. Be aware that mosquitoes may even breed in the water that collects on swimming pool covers.

DEP has used the experience and knowledge gained over the last seven years of fighting the West Nile virus to develop strategies that efficiently target resources to maximize impact. For the last several weeks, DEP has worked with counties to conduct aggressive mosquito surveillance and, when needed, implement control activities. DEP and county West Nile coordinators monitor the type, location and population of immature (larvae and pupae) and adult mosquitoes. This information is then used to treat those areas with high populations of mosquitoes that are known West Nile carriers.

Pennsylvania's aggressive approach has contributed to a drop in the number of human cases of West Nile virus. The virus, when transmitted to people, can cause West Nile fever and encephalitis, an infection that can cause an inflammation of the brain.

Last year, West Nile virus was found in 48 Pennsylvania counties. So far this year, the incidence is lower. Most people bitten by an infected mosquito will never develop any symptoms, and only one in 150 who develops symptoms will develop the more serious West Nile encephalitis, a swelling of the brain that can cause serious health problems, including death. In 2005, 25 residents contracted the disease, with no deaths attributed to the virus. In 2006, two of nine Pennsylvanians who contracted West Nile virus died. So far this year, only one human case of West Nile virus has been documented.

Currently, DEP is targeting the mosquito genus *Culex*. By reducing the number of *Culex* mosquitoes early in the season, DEP can reduce the spread of the virus. Mosquitoes acquire the virus from infected birds. Those mosquitoes then transmit the virus to people and other animals. Residents are reminded to report dead crows, blue jays and hawks, which can indicate the presence of the West Nile virus in an area. The West Nile control coordinators will collect a limited number of dead birds for testing through Oct. 31ST. Residents who discover dead birds and would like to submit them for testing should call the local West Nile county coordinator. When handling dead birds, use rubber gloves. If you do not have gloves, insert your hand into a plastic bag, grasp the bird carefully and invert the bag over the bird. Each bird should be placed in tied plastic bag and then placed inside a second tied bag. If you are not submitting the bird for testing, the bagged bird can be placed in the trash. Wash your hands thoroughly with soap and water.

For more information about West Nile virus, visit www.westnile.state.pa.us. Visitors can sign up to receive automatic updates about West Nile by e-mail. People can also call 1-877-PA-HEALTH for information.

YEARLY EMMERLING COMMUNITY PARK / DEER CREEK CLEAN-UP

The Annual Deer Creek/Emmerling Community Park Spring Cleanup went off successfully on Saturday, April 6th. We had turnout of about 35 people who showed up bright and early on a cool, sunny morning. The Oakmont Boy Scouts greeted us with coffee & hot chocolate. The Trout club provided the donuts. Don Stanko got everyone organized and out to the stream. The Scouts took care of the park and did a great job of unloading the trucks when they came back to the dumpster. We removed about a dozen tires and collected about 5 cubic yards of trash and debris. The amount of garbage is down from last year. In previous years, we averaged 100+ tires and 5 times the trash & debris!

A hot lunch of smoked pulled pork BB-Q & all the trimmings was provided for all the workers. A project like this does not come about without a lot of people & organizations helping out including:

- Indiana Township who provided us the dumpster, a pavilion & had the restrooms opened up for us.
- The Oakmont Boys Scouts for the morning hot beverages and unloading the trucks.
- PA Cleanways of Allegheny County who equipped us with gloves, bags, and safety vests.
- Special thanks to the ladies who served up the lunch: Iris Weiss, and Dottie Jo Vogt.
- Special thanks to Laura Smith of Real Estate Solutions at Bechman place who made a generous donation to help defray the lunch expenses. Don Stanko's wife provided macaroni salad, Irene Simko made coleslaw and Club Member Ron Marsh made his tasty baked beans.

THANKS TO ALL WHO HELPED AND ANYONE I MAY HAVE OMITTED!!!!

DEP REMINDS POOL OWNERS TO HANDLE WASTE WATER SAFELY

Clean Streams Law Prohibits Discharging Chlorinated Water to Storm Sewers

Private and public pool owners, as well as pool management companies, should remember that pool and chlorinated wastewater must be handled responsibly, as advised by Environmental Protection Regional Director Michael D. Bedrin.

"With warmer weather just around the corner, many Pennsylvania residents and municipalities are getting their pools ready for the summer," said Bedrin. "But almost every spring, as swimming pools are cleaned and prepared for summer use, we see fish kills in local streams that easily could have been prevented.

"Pool owners and professional pool cleaners need to dispose of old water correctly and to neutralize wastewater that contain harmful chemicals, such as chlorine. Most of all, they need to make sure the wastewater is going into the sanitary sewer, where allowed - not the storm sewer."

When chlorinated water is drained from a swimming pool into a storm sewer, it quickly makes its way to a stream or other body of water, where aquatic life is damaged or killed.

Discharging swimming pool water to the commonwealth's waters without a permit violates the Clean Streams Law. Property owners and pool companies that violate this law may be prosecuted and penalized for damages.

If the local municipality grants permission, all wastewater - including pool backwash water, neutralized pool cleaning wastewater, and standing water - should be discharged to the local sanitary sewer system. If sanitary sewers cannot be accessed, the wastewater should be hauled off-site for disposal at an approved treatment facility.

In cases where sanitary sewers cannot be accessed and wastewater cannot be hauled away, the department offers detailed guidance for the on-site treatment and disposal of water containing chlorine or chemicals used to clean pools.

Questions regarding the handling of pool wastewater may be directed to the Water Management Program in DEP's northeast regional office at (570) 826-2511.

For more information on how chemicals in stormwater can impact our streams and lakes, visit www.depweb.state.pa.us, Keyword: Stormwater.

ANIMALS • RABIES • PEOPLE

RABIES IS A VIRAL DISEASE THAT AFFECTS THE BRAIN AND SPINAL CORD IN BOTH HUMANS AND ANIMALS. PARALYSIS AND ALMOST CERTAIN DEATH RESULT ONCE SYMPTOMS APPEAR. SYMPTOMS DEVELOP IN TWO TO EIGHT WEEKS AFTER ONE IS INFECTED. THE DISEASE IS **MOST LIKELY** TO BE SEEN IN WILDLIFE: RACCOONS, FOXES, SKUNKS, BATS, AND WHEN NOT VACCINATED AGAINST IT, IN CATS AND DOGS. RABIES IS, HOWEVER, **RARELY SEEN** IN RODENTS SUCH AS MICE, SQUIRRELS, CHIPMUNKS, GUINEA PIGS, HAMSTERS, OR RABBITS. THE RABIES VIRUS IS PRESENT IN THE SALIVA OF INFECTED ANIMALS. CONTAMINATED SALIVA IS INTRODUCED TO A HUMAN OR OTHER ANIMAL THROUGH A BITE OR SCRATCH BY AN INFECTED ANIMAL. THOSE MOST LIKELY TO BE EXPOSED TO RABIES ARE CATS AND DOGS WHO ARE ALLOWED TO ROAM, FARM ANIMALS, AND HUMANS WHO HUNT, HIKE, AND CAMP.

PREVIOUSLY, WE HAVE EXPERIENCED RABID RACCOONS IN ALLEGHENY COUNTY. THERE MAY BE MORE DEAD IN THE WOODS UNNOTICED. OUR PET POPULATION NEEDS TO BE IMMUNIZED TO PROTECT THEM FROM THIS DEADLY DISEASE. ALSO, OUR HUMAN POPULATION WILL BE SAFER.

IF BITTEN BY A WILD ANIMAL:

- ▶ Immediately wash the wound with lots of soap and running water.
- ▶ Capture or kill the animal, if possible, so it can be tested for rabies. Take care to prevent additional bites or damage to the animal's head. (DO NOT FREEZE)
- ▶ Get medical attention. Go to your family doctor or the nearest emergency room.

IF BITTEN BY A PET DOG OR CAT:

- ▶ Immediately wash the wound with lots of soap and running water.
- ▶ Obtain the pet owner's name, address, and telephone number. Find out if the animal has a current rabies vaccination and write down the rabies tag number. **The owner is responsible to quarantine the animal.**
- ▶ Get medical attention. Go to your family doctor or the nearest emergency room.

ALWAYS WRITE DOWN THIS INFORMATION:

- | | |
|--|------------------------------|
| ✓ The type and description of the animal | ✓ The behavior of the animal |
| ✓ How and when the bite occurred | ✓ The owner of the animal |

HOW TO PREVENT ANIMAL BITES

- Always leave animals alone when they are eating and drinking.
- Never tease or scare animals; remember, animals guard their owners, territory and property.
- Never mistreat or hurt any animal.
- Never pet animals when they have babies.
- Never try to stop an animal fight.
- Leave injured, sick or dead animals alone, and get help.
- Leave all wild animals alone, especially when seen during the day.
- Never keep wild animals as pets, even if they are babies.
- Always ask permission before handling someone else's pet.

WHAT TO DO IN A THREATENING SITUATION

Protect Your Oak Trees By Pruning At The Right Time

Penn State Extension of Allegheny County reminds area homeowners to avoid pruning oak trees from mid-April through the end of October to reduce the chance of oak wilt infection. This often-fatal disease is spread from infected trees to healthy by insects attracted to fresh pruning wounds. The best way to prevent oak wilt is to prune oaks only when they are dormant. For more information, see the Oak Wilt Fact Sheet on our website at <http://allegheny.extension.psu.edu/>. Contact: Sandy Feather, Penn State Extension, 400 N.
